Project Name	House- Hunt: Finding Your Perfect Rental Home
Maximum Marks	2 Marks

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A college student who recently moved to a new city for studies	Find a safe, affordable, and comfortable place to rent near my college	Most listings are outdated, overpriced, or unreliable	Most platforms don't focus on student-specific needs like safety, proximity, and budget	Frustrated, anxious, and unsure about where to stay
PS-2	A working professional relocating for a new job	Find a suitable home in a good locality with all required amenities	Listings lack personalization, trust signals, and verified details	Existing platforms don't offer lifestyle filters or reliable property owner reviews	Stressed, overwhelmed, and concerned about making the wrong choice
PS-3	A tourist visiting a city for a short stay	Find a short-term rental that's affordable, well-located, and hassle-free	Options are either hotels or unverified homestays with little transparency	It's hard to filter genuine and budget-friendly short-term rentals	Confused, cautious, and at risk of booking an unsatisfactory place
PS-4	A family planning to shift to a new neighborhood	Find a secure and spacious residential house in a peaceful locality	Most platforms don't verify safety aspects or neighborhood ratings	Safety, school proximity, and community environment are top priorities	Worried, cautious, and unsure of the area's credibility
PS-5	A startup looking for an affordable workspace	Find a well-connected office space with flexible lease terms and amenities	Most listings are residential-focused and not tailored for commercial needs	Platforms lack filters for office-specific features like meeting rooms, Wi-Fi, and scalability	Limited, discouraged, and unsure where to begin
